Micro Compact DivX™ Camcorder

Camera features

Micro Compact DivX™ Camcorder easily slips into a shirt pocket or purse for portability.

10x optical; 100x digital zoom Variable speed control is activated by automatic sensing of the amount of pressure applied to the zoom tab.

680K pixel video CCD delivers high-resolution video images with superior color resolution and detail. It surpasses the conventional camcorder with digital quality and its PC interface.

SD/MMC Memory card slot: The memory camcorder's external memory slot accepts both SD cards and MMC. Quickly and easily transfer and play videos, images, music and documents using the memory type of your choice.

2.0" LCD (230K pixels)

DivX™ recording (720x480/30fps)

4:3 recording

Electronic image stabilization (EIS) minimizes unwanted picture shaking caused by hand movement during recording.

USB 2.0 (high speed) using USB 2.0 the images or movie clips can be downloaded to a PC 40 times faster than with USB version 1.1.

Multi-language function: Supports 18 languages
